A close-up photograph of wood paneling. The image shows a corner where a vertical panel with a fluted texture meets a horizontal panel with a smooth grain. A dark, semi-transparent rectangular overlay is positioned in the upper left corner, containing the text 'Capitol' in white. The wood has a warm, light brown tone with visible grain patterns.

## Finisaje Picioare si Cadru

# Picioare din Lemn

Colectia noastra include si modele cu picioare din lemn. Desi majoritatea pieselor sunt realizate din fag, unele modele sunt disponibile si din lemn de frasin. Datorita fibrei sale mai deschise, frasinul are o textura mai pronuntata, in special in finisaje deschise-rezulta intr-un aspect mai expresiv decat fagul. Alegerea lemnului este definita de model si nu este interschimbabila. Consultati lista de preturi pentru detalii complete.

Lemn

Colectia de lemn FABBI STUDIO este renumita pentru stejarul Oak BC si Rustical Oak atent selectionat, cu nuante unice de culoare

nuante si caracteristici robuste, vii. Folosind tehnici stravechi si maiestria mesterilor in finisare, precum razuirea si patinarea, stejarul nostru Rustical Oak este transformat intr-o opera de arta atemporala si autentica. Daca preferati o suprafata mai neteda, colectia noastra Oak BC ar putea fi mai potrivita. Aceasta este de fapt al 2-lea strat de stejar recuperat, cu mai putine crapaturi si nuante de culoare. Ambele tipuri de stejar masiv pot fi finisate in toate culorile disponibile, cu exceptia nuantei Silverback grey.
